Hi, Scrotum Nibbler ⁴³⁰⁰ This is letter twelve ¹² 6 pages ¹² sides

It's about 11:30 am. Just ate lunch. As I peeled the long fat bandages I thought of your LSD ^{oh yeah!} and decided to start another letter to you. I got some legal stuff done up earlier. Now it'll go to the case worker to bring to the librarian to copy it. I'll probably get it back late next week. I'm aggravated that I can't find some documents I need. I'm pretty sure we got them still but can't find 'em! I might have accidentally trashed 'em the other day when the "lighten the load" mood struck me. As a matter of fact I'm going to do a thorough search now before it drives me nuts. I'll get back to you later. Love —

I'm back, it's 3:30 pm. Didn't get to search for the document cause the property guy brought my legal copies (which I sorted and already sent out to be mailed) and 18 letters we had to send to the caseworker unsealed to be processed with a purchase slip. 5 letters were yours! I mailed your 5 in a 9x12 and the rest I'm sending to Diana except for 2 legal ones I needed mailed quicker. The Latino dude heard me go off on the screw about this dumb shit and sent me 10 stamps. See what I me about Latinos too. There's a couple of Niggers and 3 whites and 1 Latino and me on this tier. Only the Latino guy looked out! Niggers & white trash did shit! Anyway, hopefully the 3 ~~stamps~~ stamps on your 9x12 is enough. I'll know soon enough! Either way it'll get mailed cause I included a purchase slip for any extra postage due on yours and Diana's 9x12 envelope. 5 envelopes in yours, 14 in Diana's and 2 I mailed out with a stamp. 10 stamps in all. Mail call — Just 3 money receipts 200.00, 100.00 and 100.00. No love from my Home Mexican Tropic Brea. Also get the Free Press Religious monthly paper. Yes, it's religious but like you have issues. Any way I just stole a quick look and it's that time of the year that this place asks for adopt-a-kid donations so inner city kids can go to camp for 5 days. It's 35.00 per kid for a week. Last year I donated 35.00. It's a good cause and the

place "Union Rescue Mission P.O. Box 685, Hagerstown, MD 21741-0685 are good people. Its a shelter for homeless / church thing. I might donate 35.00 if these jerks allow me to spend my \$! Write to them Joe and ask for the "free Press" News paper. Fuck you buddy, I'm not trying to force religion on ya. The paper has some interesting stuff. Try it and if you don't like it spend a stamp and let them know you don't want it sent to you anymore. Shit chew already! Catch ya later!

I'm back ^{??} Guess what? That ZEBRA CARTER THOMAS actually wrote me up for receiving 400.00 from the publisher! I know he was the PUNK Gonna be ~~be~~ Nigger who was hold up Diana's Affidavit and the checks. Its so nice of this STUPID NIGGER to VIOLATE MY CIVIL RIGHTS again so now I'll file a new law suit, pay the 180.00 filing fee and bend that Zebra over like a punk bitch and right up his ASS I'll slam a law suit and I GUARANTEE YOU I'll Get Paid! By the way fuck face I'm going to write you a kick ass story about a cop and his family who gets visited by an angry ex con. Murder, Guts, & Blood, Rape, Torture, the whole nine yards. Joe, its nothing but harassment. I'll have it in court within 6 weeks, probably sooner. Oh and this Nig Nig saying Carter Thomas goes on record to allege I'm telling Diana what to say in her Affidavit! Like I'm scaming and making lies up! I told her what to write sure, told her to indicate what I've wrote & sold her since '89, how much I can sell her and stuff like that and why she handles my checks and how come she had the 1167.54 check for my mom and other FACTS. Nothing is a lie! Everything said can be verified and will be come trial time. I've already got a bunch of evidence put together which is already exhibits in other law suits so this'll be an easy law suit. I'll sue the Nigger, the d board and superintendent and the DOC and Commissioners. Oh well let me get back to work. Then I'll probably Jack off and think about that nig nogs death! 

Fri May 31, 2002 9³⁰ AM. Just showered and shaved the beard & mustache off. Big difference. I feel naked now! I let it grow out (beard) around Labor Day which will give a thick beard by February 03. I wrote up an Ejaculation return last night. I got it to court ASAP. I'm seriously considering taking it to the District Court (Eds) since the superior court is pretty much lame ducks. Anyway I'm not in the mood to write and send I have no envelopes anyway (or stamps) I'll have to wait till Wed or Thur. for supplies. I think stamps are passed out on Tuesdays now. I'll find out when it happens right? I'll get back to you my chubby checked water mellow head friend 

I'm back after an entire day of napping and reading. I had some very nice, weird and cool dreams. Spent time in a Nuclear Fast Attack Sub , fishing with my nephew Joe for trout , went on a mission taking out the "trash" with two .45 glances. Do you know the damage a .45 slug does? Do you know what I've always wanted to run and had the delightful opportunities (twice) to shoot one? A Tommy gun! Joe it was fucking Awesome. I knew (still do) a very cool dude ~~convict~~ viet nam vet who owns a lot of open/wooded land. Well he shows me this beautiful Tommy then tosses me a fully loaded barrel clip. I don't know how many rounds but let me tell ya I was apart the waist up ~~into~~ target of a person and the 2 1/2 inch back stop of pl. road 3 3/4 in sheets. I felt like a 1920's Al Capone! I tell you it made me shake, at first with the body slamming recoils. I was in solid condotocan too at that time. Gave me full body armor, 10 spare clips with one already locked in and Bill wreck a parking lot full of serine  Yeee hah! I almost bought it, but my dad wouldn't go for it . Then I fucked up and got arrested after I missed the test by ONE point to enter the armed forces. I wanted to be a Ranger. My thing was lots go to war and shut shut up! I was invincible back then Joe, at least I thought so anyway. Hell fire in my heart. Scared of nothing man I just had a flash (way) back! I wasn't even thinking about puberty, say 10 or 11. I was a nut farm for kids. Had a chip on my shoulder the size of Texas and usually didn't start shit at all. But if you fucked with me I'd smash your goill! Well I didn't want to take the meds they tried to give me. It made me feel weird.

Now I know it was "stoned" well I was playing pool with this black girl - she was not shit on the felt table - and we were betting on the game. This stupid little faggot decided to snatch the cue ball. I was up to sink the 8 ball. The girl barely missed her bank shot. I don't remember the fine details but I whipped a ball at the S.H.F. As it busted his mouth up ~~and~~ and I simply picked up the cue ball and told the other female staff if they kept fucking with me I'd beat their heads in. I had a 3 piece custom pool stick - a gift from my uncle Joe. I grew up on a pool table. The colored girl was 100% street head and hyped me up and stuck with me "Linky and The Brain" taking over the rest of the staff. Well not long after my "vicious assault" on the Stupid Little Faggot (Yeah he was sucking a few of our little girls) a state cop showed up. I was young and well to me a state cop was like what a Seal is to the Navy or Ranger to the Army - understood? I was both scared and thrilled! They sent the boy to take me down ~~it~~ I was shooting pool myself now. The girl got bored (or scared?). The Trooper was huge - I'm only 10 or 11 pretty light in the ass, ya know? He told me to put the pool stick away and be a good little fellow and go for a ride with him so we could talk. I wasn't interested in going to Jail. Cops take you to jail I already knew that! I broke down my stick and put it into the case - keep the big slate pool stick between me and the Trooper. I snatched up the bridge pool stick and lay my temper down. I was a little hulk ~~it~~ Well he must've had a son like me cause I saw right at me threatening to put me over his knee and spank me silly! I hit him with every bit of rage-strength and that stick snapped over his shoulder and he grabbed my left arm and slammed me onto the pool table folded over with my left hand so far up between my shoulder blades that my arm broke. I was hurting really bad. Tears and all! The fucker hand cuffed me behind my back tight. It was a long ~~long~~ ride from middle town to Montville. My both hands were numb and my arm was numb and painful. My folks didn't see. I guess they didn't know much about such things. I was in the custody of the state and they told my folks I got hurt hitting the Trooper for my fault. A 60 pound 4⁸ 10 year old little boy! Anyway the only mail I got was a savings to personal form. Its approved for 27.57

but I don't know why its so much. I'll find out soon enough I suppose. Oh well I guess I'll read for a while now. Man this pen sucks! I'll write more later on or tomorrow. 😊 This'll be a long long letter since I have to wait for envelopes ~

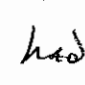

I'm back. Couple hours later now. I was reading then I simply laid back and enjoyed the thunder shower. I love this weather Joe. The more I think about it the more I doubt I'll be content in a state with no sea shore. Oh well well just have to wait and see, right? I see lots of good in N.M. still. I just want to get my life back Joe. Fuck the crazy shit, ya know. I was thinking about a small diner in Jewett City, Ct. Its a converted camper trailer a big silver joint. Well I used to eat breakfast there a lot when I worked out that way. I'm thinking when I get my life back in Feb 03 I'll go there for a kick as breakfast. 20 oz glass of pulpy OJ freshly squeezed, never ending cup of JAVA, a dozen (12) sunny side up eggs - yolks nice and juicy, 12 slices of light toast with plenty of butter 😊, and a slab 1lb of bacon, nice and crispy can you smell it? And a 1/2 dozen hash browns. There like a square fish patty you know? Oh I forgot to mention the bottle of Katsup and the black pepper and salt. No shit Joe I quit often ordered a special order like this at the diner. I had a 32 in waist and a 44 inch chest with solid shoulders, neck and arms. Working concrete made me bull strong. I don't recall the chief's or waitress' names but the first time I ordered the breakfast they thought I was crazy. I sat at the counter right near the grill and ate it up. I left a 5.00 tip and for like 2 months straight I ate breakfast and lunch there. The cook was the owner and he made acceptance for the way they billed my meals. He didn't feel right charging me like 20.00 a day mostly for breakfast, I didn't care. I was pulling crazy & working for Dick Mecken 12.50 an hour and 25.00 after 60 hrs. Putting winter a 14-16 hr day was normal. I lived at home still so basically had no bills. Yeah I had \$100.00 a week room & board which helped my folks save their money

I had some buddies who shop lifted for a living, so it wasn't hard for me to get ~~some~~ brown bags filled with beef, Chicken, Pork, fish in all variety plus canned veggies and all sorts of fruits and fresh veggies. The first time I came home with the Mercury Marquis station wagon loaded the back seat down so it was like a pick up trucks bed space with a couple of associates my mom and Dad didn't know what was up till we used the calculator to add all the stuff up. I filled up 4 carts - BULGING FULL. I got the stuff my folks and I really liked but couldn't afford often. Mom repackaged all the meats, and Dad and I stacked up the canned goods. There was over \$1,500.00 of groceries I paid 100.00 each to them and they were very happy. Once a month or twice a month I'd get a list from mom & Dad and go shopping with these two guys. Back then you could literally walk out of the supermarket with a bag filled with cartons of smokes. My associates got me all the smokes I wanted. Marlboro reds for me, Salem 100's for mom, Marlboro 100's for my ^{new} cousin sister, Kools for my brother Chous, Marlboro red for his wife Annette. Also pall mall reds for my uncle. 2d charge 5.00 a carton. Only mom got in free. I did a lot of shop lifting back then just for the thrill. Lots of tools mechanics, carpentry, dry wall, concrete etc. No more shit like that for me  I'll be a model Joe citizen hereonout. Really. Scouts Honor  Just took my meds. As of tomorrow I'm cutting it all off. No more meds. Hopefully the ringing in my ears will go away. Just about 9 1/2 weeks left, bro! Then the county Jail sentence and then freedom - I hope. Well I'll fall back for now ok? I'll write more before I call it a night 

Sat. June 1st, 2002 About 6pm. Just finished "Harmful Intent" by Robin Cook. It was ok I guess. 1/2 way through I found the name of a car I couldn't think of in a recent letter about cars. Pontiac Fiero. A friend of mine, Nicky, a young Italian stallion  had one. Metallic red? It was a shrun little ride. Any way I'm gonna nap now, catch ya later -

Its 6-2-02 about 2pm. Slept the morning away and for the past few hours i've thought about 'stuff' as i kicked back on the bunk with the lights off. Once again i've made out the 9x12 envelope containing 5 separate, sealed white envelopes for you. There's 4 on the package so i'm sure its enough postage. I'm fairly bored. Didn't write any pe letters yesterday. Just wrote 7 separate 1 page motions, a nasty gram to the DOJ Commissioner, and another note to the case worker. I'm going to withdraw all my civil actions Joe. I'm going to pursue justice, my justice, when i'm out of here. Tick tack, tick tack, don't cha know theres a .45 Glock ^{is}. i've shot 22, 32, 9mm, 380, 25, 357 mag, 44 mag, and a .45 and let me tell I'd rather have a for a life & death situation. 22, 32, 25, 38, 9, 380, will bounce off a windshield. 32 and 44 will blast through a car's doors. For dead stopping power a .45 will put a sized hole in your chest and rip your backing back off! 44 & 357 simply plow right through. The other cal's vary and if the person has a vest you won't do much em. A chest shot with a 357 or 44 or 45 without doubt will stop the heart, a flat liner! I don't know, from the day i shaved my dad's military .45 under my brother's note to put an end to the sexual abuse, i've had a strong preference for a 9 pistol, i also prefer a ~~30-30~~ 30-30 for big game. (i've used 308 30 06 and 222) and of course for quackers i use a 10 or 12. for squirrels, rabbit, partridge, quail, pheasant i range from a over and under, 22-410, 22, 410, ethica sweet 1 or a 12 gauge. I had a .44 Ruger lever action rifle and an older 30-30 lever action Winchester. Just like the "rifle man" used to use. Remember that western boy in the way back days? i had a lot of rifles and pistols before all the shi i've had black powder pistols & rifles and the civil war type flint lock rifle I went black powder deer hunting once with a .50 cal ^{is} man that duck dropped without making a $\frac{1}{4}$ step! Ripped his heart & lungs and shoulders apart! I was in a ground level blind and the dumb fuck was like 15 feet from me! A 50 cal ball you can actually see it in flight! Its a bloody fucking cannon ball. I'll still not even if i've got to do it with a bow. Oh its after 3pm mail just got picked up. Any way I think I'll head over Hawaii for a month or so. RR/B. is after I get the

(8)

wallet nose and fat. I'll want to do some serious sport fishing while I'm there. I also want to hit the Gulf of Mexico for giant Tuna and sail fish. When I was still in my teens I wanted to go 3 places for real big game trophy hunting with my dad & uncle Joe - Alaska or Canada for Moose & Grizzly & Polar bear. Then right to Africa for lion, Leopard water buffalo and Rhino and Elephant. Got the moose and a black bear with my dad. The fucking bear wouldn't drop! Big bastard. Pumped 5 salt tip 30 06 rounds in him myself head on face & chest. Dad was up a tree fast & I went "brau". Just scared shitless and jammed new rounds into the rifle as I trembled behind a tree. That son of the devil bear to several high powered rounds from dad and one or two more from me. Its face was blown apart! fucker dropped about 25-30 Ft from my tree. The Moose was huge but no challenge. One shot and it buckled to its knees. Ate both of em though. Well bro I guess I'll put this aside for now. Time to knock back and think of better times past and to come BLF! — Go to pg 9 now

⑪ ← Pay Attention
And I'll pay the 185.00 filing fee to appease the defendants who deny me any access to my funds which is illegal, and if this isn't granted, Alternatively, I move the court to dismiss all the actions without prejudice so I can consolidate and refile the lawsuits in a federal court where I'll obtain justice and won't be biased by the court. No. I did not suck the court judges ass. I told it how I see it by the facts provided thus far. Well mail is due shortly so I'm going to fall back and play with my little hairy cock now. By the way I hope I didn't confuse you too much with the page #'s I just put "← Pay Attention" and "Go to pg 9 now".

It's 6-3-02 About 10 am now I was up till the crack of dawn reading Book 1 of "The
 wheel of time" fantasy series. I read book 2 already and now hav 8, 7, 6, 5, 4, and 1.
 I hope to finish 2 & 3 but who knows I read like 150-125 pages last night and between
 the small print, bad lighting, abnormal sleeping and med withdrawal - haven't taken any med since
 the 31st of May. Trying to clear my system. Anyway as you see I jumped to a new
 page leaving 8 1/2 done. I just didn't feel like looking with it, got a problem with that,
 I thought so. I've got 2 law suits ready to be served to the defendants sitting on
 this metal desk but I'm simply waiting for the court to answer my motions first. Why spend
 \$20.00 - 60.00 mailing 11 9x12 envelopes if I'm going to withdraw em so I can settle em all
 as one huge multi-layered lawsuit, right? That way I'll just pay the 180.00 filing fee near
 if I'm legally indigent or not this way the DOC nigger dick with shit from her ass
 sucking where Attorney Julie E (As in E2) Daniels can't delay the case like she
 doing now. They know what they're doing is straight up corrupt and wouldn't float it
 I was represented by an attorney. Even the judge, it don't surprise me, turn a blind eye!
 I found busted up glass in my food the other day, did I tell you that? Fucked up, huh? I
 've said it before and I'll say it again as a friend, get your shit together Don't let your
 desires control you. It's not worth a shattered life. Don't pursue your desires. Put them in
 the dark depths of your mind and build walls of protection or you'll be hurt in the long
 Do you understand me my friend? The DOC will continue to monitor your mail. Never ever
 doubt that and never ever take it lightly, got it? Laws change every year. As a child
 against/molester you (I too) am low life in their views. In my heart I know what
 and why I did what I did and I am 100% confident I'll never allow such things to happen
 ever again I'll not shatter the rest of my life. I've too much to accomplish in the
 rest I have left in this world. Joe I'll have 13 years 10 months in come Feb 06, I
 see, I forfeited the prime years of my life. I can never regain last years. I can't
 bring my dad back, my uncle back, my life long sweet heart Karen A., nothing can
 bring back what I've lost. Sure materialistic shit I'll replace and surpass in a year or less
 at Joe the pain never can be erased ya know. I'm getting into dangerous turf and
 I'm pulling back now. Sorry. Maybe as we talk more you'll see a side of me I don't

let show very much and then only to very very few people in my life. Currently nobody will get to my heart & soul feelings, maybe never again. All I want above anything is to be free and live my life. Fuck the crazy shit Joe. I'm tired, you know what I mean. Shit, I spent over 600,00 in legal matters between here & there for what? Nothing has changed at all for the better. I'd've been better putting 600,00 in the bank! Oh well I'm going to pace like a cage animal for now, till lunch anyway, to turn off some of this despair. I'm slowly drowning in — BLE

I'm back. It's like you the tier is outside for rec now. I don't care to go out. It's salt in a wound for me to go out in a dog kennel. Today's a mail day but I probably won't get any with these punks fucking with my mail. Speaking of which as of the end of June don't write to me anymore until I specifically ask you to do so. I'm starting to think I might get fucked over and have to stay here (state prison) for the extra 6 month county jail sentence. If that's the case I'll inform you. The best thing to do after the end of June is to simply write but don't mail the letters. I'll keep you informed but I intend to shut down all the mail except legal and even that if I do what I'm thinking of doing I'm going to withdraw all the lawsuits. As a matter of fact I want to write up the motion now. I'll get back to you later Joe. Don't worry our friendship is strong enough to handle anything!

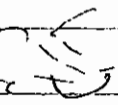

About 3:15 pm Please! I just finished writing 7 separate motions ^{1 pager} and a 2 page Affidavit in support of the motions. 7. separate motions but virtually the same, one for each of the 7 civil actions. I had to rush getting the "request for legal copies" done and stuffed it all in a 9x12 and address it to the case worker as the cop kindly waited - he's decent. Have to get 2 copies of the motions and 20 copies of the Affidavit then mail it to the court and defendants attorney. And put my copies in each case file. I used some very strong allegations to support my motions "the judge is bias, the defendants commit illegal acts, the court refuses to protect me legally" and more. I'm requesting that all 2 actions be consolidated

Hi, Scrotum Nibbler ^{wow} This is letter twelve ¹² 12 sides

It's about 11:30 am Just ate lunch. As I peeled the long fat banana I thought of your LSD ^{in tech!} and decided to start another letter to you. I got some legal stuff done up earlier. Now I'll go to the case worker to bring to the librarian to copy it. I'll probably get it back late next week. I'm aggravated that I can't find some documents I need. I'm pretty sure I've got them still but can't find 'em! I might have accidentally trashed 'em the other day when the "lighten the load" mood struck me. As a matter of fact I'm going to do a thorough search now before it drives me nuts. I'll get back to you later Sue —

I'm back, it's 3:30 pm. Didn't get to search for the document cause the property guy brought my legal copies (which I sorted and already sent out to be mailed) and 18 letters I've had to send to the case worker unsealed to be processed with a purchase slip. 5 letters were yours! I mailed your 5 in a 9x12 and the rest I'm sending to Diana except for 2 legal ones I needed mailed quicker. The Latino dude heard me go off on the screw about this dumb shit and sent me 10 stamps. See what I'm about Latino! Too. There's a couple of Niggers and 3 whites and 1 Latino and me on this tier. Only the Latino guy looked out! Niggers & white trash did shit! Anyway hopefully the 3 ~~stamps~~ stamps on your 9x12 is enough. I'll know soon enough! Either way it'll get mailed cause I included a purchase slip for any extra postage due on yours and Diana's 9x12 envelopes. 5 envelopes in yours, 14 in Diana's and 2 I mailed out with a stamp. 10 stamps in all. Mail call — Just 3 money receipts 200.00, 100.00 and 100.00. No love from my Homo Mexican Tumpia Bosa. Also got the Free Press Delagans monthly paper. Yes, it's delagans but like you have issues. Anyway I just stole a quick look and it's that time of the year that this place asks for adopt-a-kind donations so inner city kids can go to camp for 5 days. It's 35.00 per kid for a week. Last year I donated 35.00. It's a good cause and the

place "Union Rescue Mission P.O. Box 685, Hagerstown, MD 21741-0685" are good people. Its a shelter for homeless / church thing. I might donate 35.00 if these jerks allow me to spend my \$! Write to them Joe and ask for the "Face Press" News paper. Fuck you buddy, I'm not trying to force religion on ya. The paper has some interesting stuff. Try it and if you don't like it spend a stamp and let them know you don't want it sent to you anymore. Shut chaw already! Catch ya later!

For back it's Good what? That ZEBRA CARTER THOMAS actually wrote me up for receiving 400.00 from the publisher! I knew he was the PUNK GONNA be Nigger who was holding up Diana's Affidavit and the checks. Its so nice of this STUPID NIGGE to VIOLATE MY CIVIL RIGHTS Again so now I'll file a new law suit, pay the 180.00 filing fee and hand that Zebra over like a punk bitch and right up his ASS I'll start a law suit and to GUARANTEE YOU I'll Get Paid! By the way kids face I'm going to write you a kick ass story about a cop and his family who gets visited by an Angry ex con. Murder, Guts & Blood, Rape, Torture, the whole nine yards. Joe, its nothing but harassment. I'll have it in court within 6 weeks, probably sooner. Oh and this Nig Nig swine Carter Thomas goes on record to Alleged I'm telling Diana what to say in her Affidavit! Like I'm scamming and making lies up! I told her what to write sure, told her to indicate what I've wrote & sold her some '89, how much I can sell her and stuff like that and why she handles my checks and how come she had the \$1162.50 check for my mom and other FACTS. Nothing is a lie everything said can be verified and will be come trial time. I'VE already got a bunch of evidence put together which is already exhibits for other law suits so this'll be an easy law suit. I'll sue the Nigger, the d-board and superintendent and the DOC. And Commissioners. Oh well let me get back to work then I'll probably Jack off and think about that nigger's death!

Ex: May 31, 2002 9:30 AM. Just showered and shaved the beard & mustache off. Big difference. I feel naked now! I let it grow out (beard) around Labor Day which will give me a thick beard by February 03. I wrote up an Injunction notice last night. I got it to the court ASAP. I'm seriously considering taking it to the District Court (Eds) since the supreme court is pretty much lame ducks. Anyway I'm not in the mood to write and since I have no envelopes anyway (or stamps) I'll have to wait till Wed or Thur. for supplies. I think stamps are passed out on Tuesdays now. I'll find out when it happens right? I'll get back to you my chubby checked watermelon head friend.

I'm back after an entire day of napping and reading. I had some very nice, weird and cool dreams. Spent time in a Nuke fast attack sub "fishing" with my nephew Jack for trout. Went on a mission taking out the "trash" with two .45 gloves. Do you know the damage a .45 slug does? Do you know what I've always wanted to own and had the delightful opportunities (twice) to shoot one? A Tommy gun! Joe it was fucking awesome. I know (still do) a very cool dude ~~co~~ viet nam vet who was a lot of open/wooded land. Well he shows me this beautiful Tommy then tosses me a fully loaded barrel clip. I don't know how many rounds but let me tell you I see apart the waist up ~~the~~ target of a person and the 2 1/2 inch back stop of ply and 3 3/4 in sheets. I felt like a 1920's Al Capone! I tell you it made me step back at first with the body slamming recoils. I was in solid concentration too at that time. Gave me full body armor, 10 spare clips with one already loaded in and I'll wreck a parking lot full of screws. Yeee hah! I almost bought it, but my dad wouldn't go for it. Then I fucked up and got arrested after I missed the test by ONE point to enter the armed forces. I wanted to be a gunner. My thing was let's go to war and shoot shoot up! I was invincible back then. Iee, at least I thought so anyway. Hell fire in my heart. Scared of nothing now I just had a flash (way) back! I wasn't even thinking about puberty, say 1 or 11. I was a nut farm for kids. Had a chip on my shoulder the size of Texas and basically didn't start shit at all. But if you fucked with me I'd smash your grill. I still didn't want to take the meds they tried to give me. It made me feel weird.

Now I know it was "stoned" well I was playing pool with this black girl - she was
 hot shit on the felt table - and we were getting on the game. This stupid little faggot
 decided to snatch the cue ball. I was up to sink the 8 ball. The girl barely missed her
 bank shot. I don't remember the fine details but I whipped a ball at the S.L.F. and
 it busted his mouth up. And I simply picked up the cue ball and told the other
 female staff if they kept fucking with me I'd beat their heads in. I had a
 3 piece custom pool stick - a gift from my uncle Joe. I grew up on a pool table.
 The colored girl was 100% street hood and hyped me up and struck with me "Pinky and
 The Brain" taking over the next hour. Well not long after my "vicious assault" on
 the Stupid Little Faggot (Yeah he was sucking a few of our little greasers) a state cop
 showed up. I was young and well to me a state cop was like what a Seal is to the Navy
 or Ranger to the Army - understood? I was both scared and thrilled! They sent the boy
 to take me down. I was shooting pool myself now. The girl got bored (or scared?). The
 Trooper was huge - I'm only 10 or 11 pretty light in the ass, ya know? He told me to
 put the pool stick away and be a good little fellow and go for a ride with him so we
 could talk. I wasn't interested in going to jail. Cops take you to jail I already knew
 that! I broke down my stick and put it into the case - keep the big slate pool
 table between me and the Trooper. I snatched up the bridge pool stick and let
 my temper flow. I was a little hulk. Well he must've had a son like me cause he
 gave right at me threatening to put me over his knee and spank me silly! I hit
 him with every bit of rage-strength and that stick snapped over his shoulder and he
 grabbed my left arm and slammed me onto the pool table folded over with my
 left hand so far up between my shoulder blades that my arm broke. I was hurting
 really bad. Tears and all! The fucker had cuffed me behind my back tight. It
 was a long ride from middle town to Montville. My both hands were numb
 and my arm was numb and painful. My folks didn't see. I guess they didn't know much
 about such things. I was in the custody of the state and they told my folks I got hurt
 getting the Trooper. Yep my fault - A 60 pound 4⁸ 10 year old little boy! Anyway
 the only mail I got was a savings to personal form. It's approved for 27.57

(5) but I don't know why it's so much. I'll find out soon enough I suppose. Oh well. I guess I'll read for a while now. Man this pen sucks! I'll write more later on or tomorrow. It'll be a long long letter since I have to wait for envelope.

In back. Couple hours later now. I was reading then I simply laid back & enjoyed the thunder shower. I love this weather. See. The more I think about it the more I doubt I'll be content in a state with no sea shore. Oh well well just have to wait and see, right? I see lots of good in NM still. I just want get my life back Joe. Fuck the crazy shit, ya know. I was thinking about a small diner in Jewett City, Ct. It's a converted camper trailer a big silver joint. Well I used to eat breakfast there a lot when I worked out that way. I'm thinking when I get my life back in Feb 03 I'll go there for a kick as breakfast. 20 oz glass of pulpy OJ freshly squeezed, never ending cup of JAVA, a dozen (12) sunny side up eggs - yokes nice and juicy, 12 slices of light toast with plenty of butter, and a slab 1 lb of bacon, nice and crispy. Can you smell it? And a 1/2 dozen hash browns. There like a square fish patty you know? Oh I forgot to mention the big bottle of Katsup and the black pepper and salt. No shit Joe. I just often ordered a special order like this at the diner. I had a 32 in waist and a 44 inch chest with solid shoulders, neck and arms. Working concrete made me built strong. I don't recall the chef's or waitress' names but the first time I ordered the breakfast they thought I was crazy. I sat at the counter right near the grill and ate it up. I left a \$5.00 tip and for like 2 months straight I ate breakfast and lunch there. The cook was the owner and he made exceptions to the way they billed my meals. He didn't feel right charging me like 20.00 a day. Mostly for breakfast, I didn't care. I was pulling crazy & working for Dock Macken. 12.50 an hour and 25.00 after 60 hours. During winter a 14-16 hr day was normal. I lived at home still so basically had no bills. Yeah I paid 100.00 a week room & board which helped my folks save there money.

I had some buddies who shop lifted for a living so it wasn't hard for me to get ~~some~~ brown bags filled with beef, chicken, pork, fish in all variety plus ~~various~~ veggies and all sorts of fruits and fresh veggies. The first time I came home with the Mercury Marquis station wagon loaded the back seat down so it was like a pile up truck's bed space with a couple of associates my mom and Dad didn't know what was up till we used the calculator to add all the stuff up. I filled up 4 carts - BULGING FULL. I got the stuff my folks ~~and~~ I really liked but couldn't afford often. Mom repackaged all the meats, and Dad and I stacked up the canned goods. There was over \$1,500.00 of groceries I paid 100.00 each to them and they were very happy. Once a month or twice a month I'd get a list from mom: Dad and go shopping with these two guys. Back then you could literally walk out of the supermarket with a bag filled with cartons of smokes. My associate got me all the smokes I wanted. Marlboro reds for me, Salem 100's for mom, Marlboro 100's for my ^{now} cent sister, Kools for my brother, Marlboro red for his wife Annette. Also full mall reds for my uncle. I'd charge \$2.00 a carton. Only mom got 'em free. I did a lot of shop lifting back then just for the thrill. Lots of tools, mechanics, carpentry, dry wall, concrete etc. No more shit like that for me ^{if} I'll be a model Soc citizen hereabout. Really. Scouts Honor ^{if} ^{if} Just took my meds. As of tomorrow I'm stopping it all off. No more meds. Hopefully the ringing in my ear will go away. Just about 9 1/2 weeks left, bro! Then the county jail sentence and then freedom - I hope. Well I'll hell back for now, ok? I'll write more before I call it a night.

Sat. June 1st, 2002 about 6pm. Just finished "Harmful Intent" by Robin Cook. It was ok I guess. 1/2 way through I found the name of a car I couldn't think of in a recent letter about cars. Pontiac Fiero. A friend of mine, Nicky, a young Italian stallion ^{is}, had one. Metallic red? It was sharp little red. Any way I'm gonna nap now, catch ya later.

JTS 6-2-02 About 2 pm. Slept the morning away and for the past few hours I've
 thought about stuff as I kicked back on the boat with the lights off. Once again I'm mailed
 out the 9x12 envelope containing 5 separate, sealed white envelopes for you. There's 4 other
 on the package so I'm sure it's enough postage. I'm fairly bored. Didn't write any per
 letters yesterday. Just wrote 7 separate 1 page notes, a party gram to the DOC
 commissioners, and another note to the case worker. I'm going to withdraw all my
 civil actions Joe. I'm going to pursue justice, my justice, when I'm out of here
 Tick tack, tick tack, don't cha know theres a .45 gluck ^{is}. I've shot 22, 32,
 9mm, 380, .25, .357 mag, 44 mag, and a .45 and let me tell I'd rather have a .4
 for a life & death situation. 22, 32, 25, 38, 9, 380, will bounce off a windshield. 357
 and 44 will blast through a car's doors. For dead stopping power a .45 will put a
 sized hole in your chest and rip your backing back off! 44 & 357 simply pierce
 right through. The other cal's vary and if the person has a vest you won't do much.
 em. A chest shot with a 357 or 44 or 45 without doubt will slay the heart &
 a flat line! I don't know, from the day I shaved my dad's military .45 under my
 brother's note to put an end to the sexual abuse, I've had a strong preference for a .45
 pistol, I also prefer a ~~30-30~~ 30-30 for big game. (I've used 308 30 06 and 222)
 and of course for quackers I use a 10 or 12. for Squirrels, rabbit, partridge,
 quail, pheasant I range from a over and under .22 - 410, 22, 410, a thorn sweet 16
 or a 12 gauge. I had a .44 Ruger lever action rifle and an older 30-30 lever
 action Winchester just like the "rifle man" used to use. Remember that western boy
 in the way back days? I had a lot of rifles and pistols before all that shi
 Even had black powder pistols & rifles and the civil war type flint lock rifles
 I went black powder deer hunting once with a .50 cal ^{is} man that
 suck dropped without making a ¹/₄ step! Ripped his heart & lungs and shoulders
 apart! I was on a ground level blind and the dumb fck was like 15 feet from me! A .50
 cal ball you can actually see it in flight! It's a bloody fucking cannon ball. I'll still
 want even if I've got to do it with a bow. Oh its after 3pm mail just got picked up. Any
 way I think I'll head over Hawaii for a month or so of RR/Bh ^{is} after I get the

page 10

collect more and fat. I'll want to do some serious sport fishing while I'm there. I also
 out to hit the Gulf of Mexico for giant Tuna and sail fish. When I was still in my teens I
 wanted to go 3 places for real big game trophy hunting with my dad & uncle Joe - Alaska or Canada
 for Moose & Grizzly & Polar bear, then right to Africa for lion, leopard water buffalo and
 rhino and Elephant. Got the moose and a black bear with my dad. The fucking bear wouldn't
 stop. Big bastard, pumped 5 salt tip 30.06 rounds in him myself head on face & chest
 he was up a tree fast. I wasn't brave but scared shitless and jammed new rounds into the
 hole as I trampled behind a tree. That son of the devil bear took several high powered rounds from
 me and one or two more from me. Its face was blown apart! He was stopped about 25-30 ft
 from my tree. The Moose was huge but no challenge. One shot and it buckled to its knees
 to both of us though. Well for a guest I'll put this aside for now. Time to back
 out and think of better times past and to come. BLF! Go to pg 9 now

Pay attention
 (1) and I'll pay the 185.00 filing fee to appease the defendants who deny me any
 access to my funds which is illegal, and if this suit granted, alternatively I move
 the court to dismiss all the actions without prejudice so I can consolidate and
 refile the lawsuits in a federal court where I'll obtain justice and
 won't be harassed by the court. No, I did not suck the court judge's ass
 I told it how I see it by the facts provided thus far. Well mail is due
 shortly so I'm going to fall back and play with my little heavy rocks now.
 By the way I hope I didn't confuse you too much with the page #'s.
 I just put "Pay Attention" and "Go to pg 9 now".

I hope to finish 2 & 3 but who knows I read like 150-175 pages last night and between
the small print, bad lighting, abnormal sleeping and need withdrawal - haven't taken any meds since
the 31st of May. Trying to clear my system. Anyway as you see I jumped to a new
age leaving 8 1/2 done. I just didn't feel like fucking with it, got a problem with that, he
thought so. I've got 2 law suits ready to be served to the defendants sitting on
his metal desk but I'm simply waiting for the court to answer my motions first. Why spend
\$60.00 mailing 11 9x12 envelopes if the judge do withdraws can so I can settle em all
one huge multi-layered lawsuit, right? That way I'll just pay the 180.00 filing fee now.
I'm legally indigent or not this way the DOC nigger dick with shit from her ass

found busted up glass in my food the other day, did I tell you that? Fucked up, huh? Joe
said it before and I'll say it again as a friend, get your shit together. Don't let your

All I want above anything is to be free and love my life. Fuck the crazy shit Joe. I'm tired, you know what I mean. Shit, I spent over 600.00 in legal matters between here & there for what? Nothing has changed at all for the better. I'd've been better putting 600.00 in the bank! Oh well I'm going to pace like a caged animal for now, till lunch anyway, to burn off some of this dispare. I'm slowly drowning in BLF

I'm back. Its like I'm the tier is outside for sec now, I don't care to go out. It sits in a wound for me to go out in a dog kennel. Today's a mail day but I probably won't get any with these fucks fucking with my mail. Speaking of which as of the end of June don't write to me anymore until I specifically ask you to do so. I'm starting to think I might get fucked over and have to stay here (state prison) for the extra 6 months until last sentence. If that's the case I'll inform you. The best thing to do after the end of June is to simply write but don't mail the letters. I'll keep you informed but I intend to shut down all the mail except legal, and even that if I do what I'm thinking of doing. I'm going to withdraw all the lawsuits. As a matter of fact I want to write up the return now. I'll get back to you later, Joe. Don't worry our friendship is strong enough to handle anything!

About 3:15 pm Phew! I just finished writing 7 separate motions ^{1 page} and a 2 page Affidavit in support of the motions. 7 separate motions but virtually the same, one for each of the 7 civil actions. I had to rush getting the "request for legal copies" done and stuffed it all in a 9x12 and address it to the case worker who is the cop kindly waited - he's decent. Have to get 2 copies of the motions and 20 copies of the Affidavit then mail it to the court and defendant's attorney and put my copies in each case file. I used some very strong allegations to support my actions, "the Judge is bias, the defendant's commit illegal acts, the court refuses to protect me legally", and more. I'm requesting that all 7 actions be consolidated

RE: Harassment by Defendant Carter Thomas

Be Advised, that once again, your IPS CO Thomas is Abusing the disciplinary system to obtain personal vengeance against me because it is my opinion that he is a "hunk of shit nigger" and is my intention to "make him pay dearly for his vindictive harassment."

On 06-20-2002 said IPS CO / Defendant in several lawsuits filed by me wrote D-report 02-1223, because I exercised my 1st Constitutional Amendment right by expressing my opinions and expectations to an adult friend via mail.

As the Superintendent of MCI-CI and direct supervisor of the IPS I demand that you instruct IPS CO Carter Thomas to cease his harassment or I will without doubt file yet another lawsuit against you for Supervisory Negligence and violation of my 1st and 8th Constitutional Amendment right. I'll also file suit against Carter Thomas, William Crossi and every other MCI-CI public employees involved in this specific issue. I will not accept corruption and harassment!
